NARRATIVE												

On 04/13/2019 at approximately 1238 hrs, I was dispatched to [REDACTED] [REDACTED] for the report of a fight. METCAD advised that there were 5 males and 1 female trying to fight the reporting person's daughter. The suspects

HENRY, ELIZABETH A

officer's initials EH approvedW (UU1901716)

were described as a black male, approximately 17-20 yrs of age, with short hair and a birthmark on his face. It was advised it looked like the male had a firearm by the way he had his hands in his pants. Another male was described as chubby with a colorful jacket.

Upon arrival, I met with the reporting person (identified as [REDACTED]) while Ofc Bennett and Sgt McKinney searched the area for individuals, but were unable to find anyone matching the descriptions. [REDACTED] told me that she called police because her daughter-in-law (identified as [REDACTED]) had been followed back to Town & Country from Dollar General (1506 Cunningham Ave). [REDACTED] told me that she works at [REDACTED] and [REDACTED] watches [REDACTED] children while she works. [REDACTED] said that there was a female in the store that was upset the line was taking so long and began yelling at [REDACTED]. [REDACTED] said that when she left the store, the female was with a group of males, and they followed her to [REDACTED] apartment. [REDACTED] stated that the group continued to yell at her as if they wanted to fight her, but she had no idea who they were. [REDACTED] told me there was a tall black female, approximately 20 yrs old, wearing a pink t-shirt and blue jeans. She said there was also an older short black female, with brown and black braids between 30-40 yrs old, wearing all dark clothing. [REDACTED] and [REDACTED] said they did not recognize anyone in the group, and confirmed the description METCAD gave of the males. [REDACTED] son (identified as [REDACTED]) was also at the apartment and said he did not recognize anyone involved. Nobody actually saw a gun, and stated that it just looked like a weapon could have been in one of the male's pants by the way he was standing.

Later in the day on 04/13/2019 at approximately 1348 hrs, officers were dispatched to a group fighting outside of [REDACTED]. The reporting person (later identified as [REDACTED]) said that one individual in the group had a firearm. Another reporting person (identified as [REDACTED]) told METCAD that an individual pulled a firearm at Dollar General and she followed him to [REDACTED]. The description of the offender was a black male w/dreadlocks wearing a dark hooded sweatshirt and jeans.

When I arrived at [REDACTED] to speak with [REDACTED] and [REDACTED] about the latest incident, [REDACTED] told me that the same group of individuals were fighting each other in the parking lot outside of [REDACTED]. [REDACTED] said that the male from earlier, who she thought had a

firearm, was wearing a blue jogging suit jacket and had a scar on his face. [REDACTED] again confirmed that she did not see a weapon, nor did anybody say anything about a weapon.

At this time I heard Sgt McKinney say that they were trying to get out with an individual matching the description of the offender. He then said that the male was running eastbound from [REDACTED]. I exited [REDACTED] through the west facing patio and saw the male (later identified as Adriene Dillon) running east through Town and Country Apartments. I ran after him until he entered the main door on the east side of [REDACTED]. Adriene was going to open the door leading into the apartment complex when I ran at him and grabbed his torso to initiate a full body take-down. I then maneuvered my body to be on top of his to gain control over him as we went to the ground. Once Adriene was on the ground, he was still resisting me by trying to move his arms and legs out of my control. I wrapped his left leg with my legs to prevent him from kicking and getting up. At this time Ofc Wright assisted and was able to provide control over the right side of Adriene's body. The male would not respond to commands for officer's to see his hands, which were tucked underneath his chest, and move his hands out from under his body. I attempted to move the male's left arm and he was pulling back with his left arm, preventing me from successfully gaining control over that arm and seeing his hands.

Due to Adriene not complying with commands, I then grabbed the skin on Adriene's left side underneath his armpit and squeezed it for him to release his arm to me. I was then able to pull Adriene's left arm out from under his chest and place it behind his back. I placed my handcuff on his left wrist and as I did this, he pulled his arm down towards his legs away from me, and I then pulled his arm back up to his waist area to gain arm control, and completed handcuffing him. I double locked the handcuffs, and Ofc Wright performed a search incident to arrest while Adriene was laying on the ground. After the search, we helped Adriene into a sitting position against the wall and he complained of back pain from the incident. An ambulance was called and Adriene was transported to Carle Hospital for medical attention. Ofc Chew conducted a K-9 sweep of the flight path Adriene took and no contraband was found.

I then went to [REDACTED] to meet with [REDACTED], a witness to the incident. [REDACTED] told me that he is a graduate student at the

University of Illinois, and had been trying to sleep during the early afternoon hours. [REDACTED] said that he was woken up once by a group of black males yelling in the parking lot. He told me that he looked out his window (which looks over the parking lot) and saw the group and then went back to bed. [REDACTED] said that he was then woken up by the same group of individuals in the parking lot yelling at each other again, and pushing each other. [REDACTED] said that he saw a black male "waving a gun around" in the air. I asked [REDACTED] if he definitely saw a firearm and he said "oh yeah." [REDACTED] described the firearm as a small black handgun. [REDACTED] described the male as a tall skinny black male, wearing light colored jeans or khakis [REDACTED] said they were definitely not sweatpants), with a black hooded sweatshirt with red markings, and medium length dreadlocks. [REDACTED] told me that he believed the group entered [REDACTED] but was not sure if they went into an apartment or left, but did state that they did not look familiar to him.

I then called [REDACTED] and she agreed to meet with me to speak about the incident. [REDACTED] told me that she had been at a friend's apartment in Town and Country, but that she does not reside there. She said that there was a group of males in the parking lot outside of [REDACTED], and she saw one male that had a firearm. [REDACTED] could not tell me what the male was wearing, but said he was a tall dark-skinned black male with medium length dreadlocks. She also said that he was wearing a brown denim "True Religion" hat. [REDACTED] then told me she saw the male who had the firearm walk towards [REDACTED] and enter one of the sliding doors on the right of the west side of the apartment building (near where [REDACTED] is located).

Sgt McKinney, Sgt Koker, and I went to [REDACTED] to speak with [REDACTED], [REDACTED], and [REDACTED]. [REDACTED] said that nobody has a firearm in the apartment, but she does have a FOID card. [REDACTED] said she has not had a weapon since she moved to [REDACTED], but there is a toy gun in the apartment. Sgt Koker retrieved the toy gun, and it was a large plastic black machine gun. Due to [REDACTED] identifying the weapon he saw as a small black handgun, the toy did not match what was seen. Due to one witness stating that the armed offender went into [REDACTED], Sgt Koker asked [REDACTED] if she would consent to a search of her apartment for a weapon and she said she was not comfortable with us searching her residence.

Adriene was transported by Ofc Burnett to Carle Hospital for medical treatment, and then CCSO Satellite Jail.

NARRATIVE				

On 04/13/2019 at 01:49 PM I responded to Town and Country Apartments to assist other officers with a possible fight in progress where one subject supposedly had a gun.

Upon arrival, I saw Sgt. McKinney walking into [REDACTED] after he stated on the radio he was going to get out with a male. I walked into the east side of the building and saw Sgt. McKinney talking to Adriene Dillon, who was sitting near the top of the stairs on the west side of the building. I saw that Adriene had short braided hair and a black hoodie (which matched the description of the possible armed subject). Sgt. McKinney and Sgt. Koker told Adriene at least 3 times to come to the bottom of the stairs to talk to them. Adriene stood up slowly and began walking towards the top hallway (away from us). Adriene turned away from us and began running east in the second floor hallway.

I ran east on the bottom level and un-holstered my TASER. Sgt. McKinney told me later that Adriene actually jumped down the stairway. As he was exiting the door, I got within 10 feet or so from him. I shot Adriene in the back with my TASER. One probe hit Adriene in the center of the back while the other struck his hood. Adriene continued to run east through the parking lot towards [REDACTED], seemingly unaffected by the TASER. While running, Adriene put his right hand in his pocket. I was afraid Adriene may be reaching for a weapon and would possibly turn around to shoot me. I drew my sidearm from its holster and pointed it in the direction of Adriene while giving him numerous verbal commands to show me his hands. Adriene eventually removed his hand from his pocket, so I holstered my

WRIGHT, COLBY G

officer's initials *AV*approved *AV*

(UU1901716 - #A1903992)

weapon. I did not want to run with a gun in my hand unless absolutely necessary.

Officer Henry, who joined the foot pursuit from the north, was now between Adriene and I. Adriene rounded the corner of [REDACTED] and entered the building with Officer Henry close behind him. I ran in behind Officer Henry and saw her struggling with Adriene in the hallway. I pushed Adriene from behind while Officer Henry was taking him to the ground. I struggled to get Adriene's right arm from under his body while handing my TASER off to Sgt. McKinney (who came up behind us). I held Adriene's right hand in place while Officer Henry placed handcuffs on him. I searched Adriene and found no contraband on his person.

I suspected Adriene was fleeing because he was armed. I suspected this because he matched the description of the armed offender that was given by METCAD. I also believed that Adriene had just "pulled" a gun on someone, as described in the dispatch given by METCAD.

Sgt. Willfong conducted a use of force investigation on this incident. I have placed my expended TASER cartridge in the evidence processing room. My body camera footage will be added to a case file by Officer Henry. Officer Hurley looked at the TASER log for my device and determined that I didn't achieve a full "lock up" on Adriene with the TASER because of a clothing interference (hitting his hood).

NARRATIVE

UPD responded to a potential fight in progress with an armed subject call at Town and Country Apartments on 4/13/19 around 1348 hours.

I was riding with Sgt. McKinney as a passenger in our squad car. We were patrolling the apartment complex searching for a black male with dread locks wearing a black hoody.

We both observed an individual walking southbound in a common area of a group of apartment buildings. He was later identified as Adriene Dillon.

Dillon made eye contact with us and quickly changed directions towards [REDACTED] and [REDACTED]. We stopped and exited out squad car. I went to the rear of these buildings while Sgt. McKinney went to the north. I checked [REDACTED] first and didn't locate Dillon. I overheard Sgt. McKinney on the radio indicate he was with Dillon at the next building entrance. I entered and stood next to Sgt. McKinney. I overheard Sgt. McKinney ask Dillon if he had any weapons on him and to step down to the ground level. Dillon indicated he had just gotten here and didn't make an effort to follow Sgt. McKinney's directions. Sgt. McKinney asked him again and again he made no effort. I told Dillon that we were giving him an order to come downstairs and he reluctantly stood up and stated, "Alright, shit!".

Dillon stood up and went up a step and we all told him "down here", as he turned. I displayed my Taser towards him as he reached the top level and began to turn his back towards me. Dillon then ran to the rear exit doors as we gave chase. Ofc. Wright was the first Officer to get close to Dillon and discharged his Taser striking him. The Taser had no effect and we continued the chase. I went to the nearest squad car in the event Dillon was not apprehended by Sgt. McKinney, and Officers Wright and Henry who joined the foot pursuit.

KOKER, JAMES C

officer's initials _____ approved _____

(UU1901716 - #A1904015)

Officer Henry managed to catch up to Dillon at [REDACTED] see her report for arrest details.

Sgt. Willfong was notified regarding the Taser discharge since he was not involved in the call. See his report for details.

Later Officer Henry, Sgt. McKinney, and I went to speak with [REDACTED] and [REDACTED] who reside at [REDACTED]. [REDACTED] is on parole for a firearm call. We initially tried to obtain consent to search the apartment but were denied. Then it was discovered that [REDACTED] grabbed a toy gun which was shown to us to defend his household and prevent the group of individuals from entering his apartment. I believe [REDACTED] stretched the truth somewhat because witnesses indicated the group was chased back to [REDACTED] but it was unknown which apartment. We cautioned [REDACTED] and [REDACTED] about this type of action because Police were involved and could easily mistake the weapon as real. [REDACTED] indicated she was going to throw the toy in the dumpster. We cleared with this report.

Case Number: UU1901716 Supp: #A1904013	Officer: 3372	Date Entered: 04/14/2019	Date/Time of Orig. Rpt. 04/13/2019 13:45
Incident Adr: [REDACTED] URBANA	Title of Report: RESISTING/OBSTRUCTING		
Officer Injured:	Use of Force: N		

NARRATIVE

On 04/13/2019 at approximately 1240 hours, I responded to [REDACTED] in response to a fight.

METCAD explained that 5 males and 1 female were trying to fight the reporting person's daughter. Additionally, METCAD said that one of the males involved was potentially armed with a handgun. During this initial call officers checked the area but were not able to locate the potential offenders.

At approximately 1350 hours, officers were again dispatched to the same area for another fight call. METCAD advised that a group of people were fighting in front of [REDACTED] and one subject was armed with a gun. The armed subject was described as a black male, that was tall and skinny, with dread locks wearing a black shirt and jeans. A short time later METCAD updated the description saying that the armed subject was a tall and skinny black male, with short dread locks, a dark hooded sweatshirt, and jeans,

As Sergeant Koker and I arrived in the area, we observed a black male wearing a black hooded sweatshirt, a black t-shirt, and dark pants on walking through the courtyard of the apartment complex in the 800 block of Oakland. The male was walking along the back side of [REDACTED] heading south.

When the male saw our squad car he stopped abruptly and began walking in the opposite direction away from us. I parked the squad car, Sergeant Koker began to walk towards the center of the courtyard as I went around to the east side of the apartment buildings.

By the time Sergeant Koker and I made it to the area we last saw the male, he was out of sight. Sergeant Koker began searching the courtyard and

MCKINNEY, MATTHEW officer's initials _____ approved MM (UU1901716 - #A1904013)

complex for the subject from the west and I did the same on the east side.

I began walking through the buildings in the area where I last saw the male. When I walked through [REDACTED], I found the male sitting at the top of the stair case on the west stairwell of the building. I radioed my location and Sergeant Koker and Officer Wright joined me shortly after.

I made contact with the male who we later identified as Adriene Dillon from the base of the stairs as he was still at the top. I asked Dillon where he was coming from and told him we were looking for someone in the area. I told Dillon to step down stairs and speak with us. Dillon refused and I again told him to come down stairs. Dillon again said that he was not going to come down stairs. Sergeant Koker said to Dillon that he was giving him a direct order to come down stairs.

Dillon said that he would come down stairs and began to stand up. As Dillon stood up, he began to turn sideways while raising his left hand in the air. Dillon then began to lower his right hand towards his waistline as he continued to turn away from us. Dillon started running away from us on the second floor towards the east stairwell. I ran up the west stair well after Dillon and yelled to Officer Wright that Dillon was going down the east stairwell.

When Dillon reached the stairwell he jumped from approximately halfway up the stairwell to the bottom as he was attempting to escape. When Dillon reached the landing he attempted to exit out of the east doors. Officer Wright discharged his Taser which struck Dillon in the back as Dillon was opening that door. The Taser did not make a solid connection with Dillon and he continued to run east.

Dillon ran east through the parking lot into the 1000 block of east Kerr towards [REDACTED]. I ran after Dillon and radioed his direction of travel to other officers in the area. Officer Henry was standing on the patio of [REDACTED] speaking with a witness and I yelled to her and pointed out where Dillon was running. Officer Henry, Officer Wright, Sergeant Koker and I continued to follow Dillon as he ran east.

I lost sight of Dillon as he rounded the south corner of [REDACTED] but

Officer Henry and Officer Wright were closely following Dillon. When I came around the corner, one of the witnesses identified as [REDACTED], directed me to the hallway near the laundry room of [REDACTED] where Officer Henry and Officer Wright had stopped Dillon.

By the time I entered the hallway Officer Wright and Officer Henry had taken Dillon to the ground and were attempting to place him into handcuffs. Dillon was still actively trying to pull himself away from Officer Henry and Officer Wright. Officer Wright told Dillon to get his hands out. I ordered Dillon to give us his hands and stop fighting.

Officer Wright handed me his Taser and he and Officer Henry placed Dillon into handcuffs. Once Dillon was in handcuffs Officer Wright and Officer Henry searched him incident to his arrest. I radioed for an ambulance to our location to treat Dillon as he was complaining of back pain. Paramedics arrived on scene at loaded Dillon onto a stretcher and into their vehicle. Dillon was transported to Carle Hospital while Officer Bennett and Officer Burnett followed the ambulance.

I remained on scene and assisted in searching the flight path of Dillon but we did not locate anything illegal that he may have discarded. I later realized that we had not looked in the courtyard area where we initially saw Dillon prior to his stop.

After we completed searching the area, Sergeant Koker, Officer Henry, and I went to [REDACTED] where several of the people involved in both incidents were staying. Sergeant Koker spoke with [REDACTED] and [REDACTED] about the initial report of a gun. [REDACTED] and [REDACTED] both explained that a plastic gun may have been involved and that [REDACTED] held it to ward off the people who were gesturing they were armed and were trying to fight (see Sergeant Koker's report for further details). After speaking with [REDACTED] and [REDACTED] we cleared the call.

NARRATIVE												

On 04/13/19 at about 1349 hours, several UPD officers responded to the areas of ██████████ and ██████████ for a fight involving as many as eight people. One was reportedly armed with a gun. The fight reportedly occurred near ██████████ but some of the participants ran toward ██████████. Both addresses are within the Town & County Apartments complex. The person armed with a gun was described as a tall thin black male wearing a black shirt or black hoodie and jeans. Officers had just been to this same area for a very similar call at about 1240 hours. Several officers arrived at about the same time. Some went to the 1000 block of Kerr; others went to the 800 block of Oakland. As I entered the 800 block of Oakland, I drove to the north along the west side of the complex. I saw a black male in a black hoodie and jeans walking with a teenage female. I got out with him and ordered him to put his hands over his head. He complied. I then held his hands behind his back and patted

WILLFONG, BRIAN D

officer's initials _____ approved (UU1901716 - #A1903995)

him down for weapons. I found none. He identified himself as [REDACTED]. I told him that we received a report of an armed subject that matched his description. He told me that he had just recently spoken with some officers about this. Knowing that no officers had spoken with him about this most recent incident, I told him that we had received an additional report and that is why I stopped him this time. As we spoke, he claimed that he had not been involved in either incident but the officers spoke with him the first time because he had been in the area. I told him that I needed to confirm that with the other officers before releasing him. At about that time, those other officers located a possible suspect. A foot chase ensued and that suspect was eventually caught and arrested. After several minutes, I was able to confer with those officers and confirm that [REDACTED] was not involved in either incident. I released him and then joined the other officers at [REDACTED].

I learned that Officer Wright had deployed his Taser on the subject that ran from him, Adriene Dillon. Officer Henry, Sergeant Koker, and Sergeant McKinney had been involved in the foot chase. Officers Henry and Wright captured and arrested Dillon. Dillon complained of back pain after the arrest and was transported to Carle Hospital for a medical evaluation and clearance before being taken to the county jail. As per UPD policy, I conducted a supervisory review of the use of force.

Officer Wright, Sergeant Koker, and Sergeant McKinney told me that they were not aware of any witnesses to their initial contact with Dillon and during the time that Officer Wright deployed his Taser. Officer Wright and Officer Henry told me that they believed there were witnesses to the events when they captured and arrested Dillon. They said that one of the residents from [REDACTED] was present and there were some other unknown people outside the apartment buildings just to the north of where the arrest took place.

I spoke with a resident of [REDACTED], [REDACTED]. As I approached, he told me that Dillon was not part of the group that had been threatening them. I explained that I was conducting a review of the use of force and I asked him to describe for me what he saw. He said he was standing on the east side of the building near the entrance door when he saw Dillon come running around the southeast corner of the building from the west. He does not know Dillon and did not refer to him by name but described the events that Dillon was involved in. He saw Dillon run toward the east entrance door with officers chasing after him. He said that the "officers did not do anything bad." [REDACTED] learned after the

fact that Dillon had been Tased but he said that he did not see that happen. He did see some wires hanging off Dillon and trailing behind him as he ran. He saw Dillon run to the entrance door and try to get inside. He heard the officers yelling at Dillon to stop. He saw the officers catch Dillon as he reached the door. He said that he did not "100 percent see" what happened when Dillon was captured but he knew that they put Dillon on the ground and cuffed him up. He believed that Dillon was resisting because he could hear the officers telling him not to stop moving.

Since he was a party to the incident that we responded to, I then asked him about that. I had not been involved in the first police response earlier but I was aware that it involved some unknown people that had words with [REDACTED] girlfriend and then came here to their apartment trying to start a fight. [REDACTED] said that this second event involved the same group of people. He was standing outside on his patio on the west side of the building when the group approached on foot and again was trying to call them out to fight. He did not know who they were and did not see anyone holding or displaying a gun. However, one of the black males kept putting his hand in his pocket and acting as if he did have a gun. That male did not verbalize any threats involving a gun. He only wanted to fight. Nobody else in that apartment said that they witnessed the events of the foot chase and arrest.

I walked to the east side of the apartment building and found several people on the patio of an apartment to the north of where Dillon was captured and arrested. I asked if any of them witnessed those events. Only one said that she did. She identified herself as [REDACTED]. She did not live here but was visiting from Indiana. She said she was standing outside on this patio when the foot chase occurred. She saw the man come running around the south end of the building and she heard the police officers yelling at him a couple of times to stop. She saw the police officers chase the man inside the south entrance door. From there, she could no longer see them and did not witness anything from that point on. She did not see him get capture, arrested, or handcuffed. Officer Wright gave me a paper bag containing the property they had taken from Dillon during the search incident to arrest. I took that property with me to Carle Hospital where I went to interview Dillon. I told Dillon that I had his property and that I wanted to talk with him about the arrest. I asked if he had been read the Miranda rights and he said that he had not. I read those to him and asked if he understood each of them.

He said that he did. I then confirmed that all the property in the bag was his. He said that it was. There was a significant amount of cash. I asked how much there was. He said that one bundle was \$1500.00 and there was about \$200.00 more in a second bundle. I counted it in his presence. The first bundle contained \$1500.00. The second bundle and a few loose bills totaled \$187.00. Dillon said that sounded correct. I asked why he had so much cash but he did not answer.

I told him that I was recording on my body camera. I asked if he had been approached by police officers inside one of the buildings at Town & Country and if he had run from them. He said that was correct. I asked why he ran and he said that they told him he "matched the description." Upon my inquiries for more detail, he said they told him he matched the description of "some guy walking out there wearing all black and dreads with a gun." I asked why that would cause him to run and he said, "I'm not the guy." He further said that he feared the police would beat him up even though they would not find a gun on him just because he is black. I asked him to tell me what happened when he ran. He said that he ran out of one building, jumped a concrete wall, and ran into another building. He admitted that he heard the officer yell at him to stop running. I asked if at some point, the officers discharged a Taser at him. He said he didn't know what it was but he felt something hit him in the back. He thought it might have been a bullet. I asked if that is why he had complained of pain in his back. He said, no; he explained that he had a prior back injury and had recently been going to physical therapy. Continuing with the events, I asked if he continued running after the Taser discharge and then ran inside another building. He said that was correct and that he made it inside the other building to a hallway where the officers "bum-rushed" him. He further said that the officers were telling him to stop resisting and that he got "tackled." He claimed that there were five officers that "dog piled" on him. He said there were two females and two "big guys." I asked what they were doing and he said, "Whipping my ass." I asked him to tell me specifically what they did. He said it was called "excessive force." I asked him to explain to me exactly what he meant by that. He claimed that he was "trampled on" and that he was "beat on the top of my head." I asked him to explain what he meant by that. He described that his face was against the floor and he could not move because the officers were on top of him. I repeated that back to him and asked if that is what he meant by being beat on the top of the head. He would not give a clear answer and said that it would be on

the body cam.

He then wanted to know what else I wanted to know. I told him I wanted to know about how the arrest took place and if there was anything excessive about the amount of force the officers used. He replied, "I guess they was doin' their job, if that's what you call it." I then asked him again about the injury to his back and what it was the result of. He said that it was from a car accident. I asked if it was not a result of being tackled and he said that "just added on to the pain." I asked if there was anything else. He claimed that the handcuffs had been too tight and he had "lacerations" on his wrist. He showed me his wrist and I saw only one very small abrasion. I checked the cuffs and found them to be properly fastened. I could place a finger between the cuffs and each wrist. I then asked him a final time if there was anything else I needed to know about his interaction with the officers. He said that they were just doing their job. That concluded my conversation with Dillon. My squad car and body cameras were recording during all the above-mentioned events. Those videos have been included in the Watch Guard case file for this investigation. I reviewed those videos while authoring this report.

I reviewed reports authored by Officer Wright, Officer Henry, Sergeant Koker, and Sergeant McKinney. I asked each of them if there was any further information about the event that was not in their reports. They each advised there was not. I reviewed video from each of their body cameras and found that their reports accurately depicted what I viewed. The video showed that only Officer Henry and Officer Wright were on top of Dillon as they were trying to handcuff him, not 5 officers as Dillon claimed. It also showed that at no time did anybody strike Dillon on the head as he claimed. I did not see any evidence of any excessive force or violations of any state or federal statutes or any UPD directives or policies by any of the officers. The video clearly shows the officers' actions as described in their reports. Their orders to Dillon to come down the stairs, stop running, stop resisting, and to stop pulling his hands away are clearly audible. I also reviewed body camera footage from Officer Burnett. He was assigned to follow the ambulance to Carle Hospital and stand by with Dillon while he was examined. Upon arriving at the hospital, Dillon complained that the handcuffs were tight. Officer Burnett loosened them and ensured they were properly fit. Several minutes later, Dillon again complained of pain from the handcuffs. This time, Officer Burnett and Officer Bennett moved the handcuffs so that Dillon's

hands were secure in front of him instead of behind his back. Upon being discharged from Carle, Officer Burnett took Dillon to the county jail.

NARRATIVE

On 04/14/2019 at approximately 0817 hrs, I went to Dollar General to look at security video. Upon arrival I met with [REDACTED] and was allowed to look at video from 04/13/2019.

On the security video, an older black female is seen talking to [REDACTED] as they wait in line to purchase items. The females are not seen engaging in any physical altercation, and both females leave the store. The unknown males are not seen inside or outside of the store on video. Due to the camera positioning, there is also not a picture of the unknown female's face to identify her.

On 04/13/2019, I spoke with Town and Country Apartment manager [REDACTED]. [REDACTED] told me that she spoke with [REDACTED] and [REDACTED] after UPD cleared the scene on 04/13/2019 about the incident. They described the younger unknown female wearing the pink t-shirt to [REDACTED], and [REDACTED] told me that she had seen a resident of Town and Country matching that description earlier on 04/13/2019. [REDACTED] told me that [REDACTED] of [REDACTED] had been in the parking lot of [REDACTED] wearing a pink t-shirt and [REDACTED] had spoken with her. I asked [REDACTED] if there were any males on the lease for [REDACTED] and she told me that it was only [REDACTED] and another female.

On 04/23/2019 I went to [REDACTED] to speak with [REDACTED] regarding the incident that took place on 04/13/2019. Nobody answered the door at the time.

NARRATIVE										

On 04/27/2019 at approximately 1723 hrs, I went to [REDACTED] to make contact with the resident. A female opened the door and identified herself as [REDACTED], and confirmed that she lives in the apartment with her sister.

I asked [REDACTED] if she could recall an incident that took place in the parking lot outside her apartment building on 04/13/2019 in the afternoon. [REDACTED] told me that she couldn't recall that weekend and was unfamiliar with what I was talking about. I explained to her about the large group of males and a couple females that were reportedly outside and involved in a physical altercation, possibly with a weapon involved. [REDACTED] said that she did not know what I was talking about, but that her sister whom she resides with is pregnant (there were baby shower decorations around the apartment that I noticed) and that they would not allow any weapons or individuals with weapons into their apartment.

[REDACTED] told me that she vaguely remembers her mother telling her about an incident she witnessed near [REDACTED] apartment a couple weeks ago. I asked [REDACTED] who her mother was and she said [REDACTED], and then said she remembers [REDACTED] telling her that she spoke with an officer regarding what she saw. I confirmed that I did speak with [REDACTED] and was unaware that [REDACTED] was her daughter. I asked [REDACTED] if I could do a consent search of

HENRY, ELIZABETH A

officer's initials EH approved [Signature]

(UU1901716 - #A1904653)

her apartment to eliminate any involvement with this incident, and she told me that no because that made her uncomfortable.

I am requesting this case be closed due to no further leads.
