Excellent!

I am all for a 100% virtual meeting. I don't foresee any technical issues in doing so.

Great idea and, sure, I'm very willing to be interviewed. Should do updates every few days.... I just read that Zoom has a focus "softening" feature, ie, for slightly less harsh facial features, and I'm all for that! Let me check the schedule and will send time.

Also, there's a move afoot among council members to do the whole meeting on Monday with Zoom. 100% virtual. What do you think? Can we pull that off?

Mayor,

I've set up a home studio to produce interviews over the next couple of weeks (see attached photo). Would you be available for an interview discussing how the City is handling the Coronavirus pandemic? I can remote video you through facebook messenger video or setting up a zoom meeting. Alternatively, you can call my cell phone and I can patch that audio through. We will put these videos out on Facebook live and run them on UPTV and our YouTube channel.

I am booked from 1PM-3PM on Monday, but, as of right now, am open any other time Monday or the rest of the week. It will be a short 5-10 minute interview.
