NARRATIVE				

On 01/10/2020 at approximately 11:30 hours, METCAD advised of a theft report from the Carle Auxiliary Resale Shop. METCAD advised the theft occurred on 01/07/2020 and asked that I meet with Carle Security Officer, [REDACTED], at the Security Office.

Upon my arrival, I met with [REDACTED]. [REDACTED] advised that we needed to go to his Director's Office. I followed [REDACTED] to the office of [REDACTED]. [REDACTED] explained that the offender in this theft had been identified as [REDACTED]. [REDACTED] was referring to [REDACTED]. [REDACTED] asked me if I was familiar with her. I stated I was. [REDACTED] claimed he was not. [REDACTED] advised that because of [REDACTED] position his Administrators asked that this be handled discretely behind closed doors.

[REDACTED] advised he had been alerted to the theft from the Resale Shop Manager, [REDACTED]. [REDACTED] asked [REDACTED] to try and find video footage of the incident. [REDACTED] explained he located the video and then he and [REDACTED] watched the video together. [REDACTED] reported that immediately [REDACTED] was able to identify [REDACTED] as the offender. According to [REDACTED], [REDACTED] claimed [REDACTED] was a regular Patron of the store.

At this time I observed the video with [REDACTED] and [REDACTED]. Watching the video, I observed the female, identified as [REDACTED], enter the store at 14:27 hours. [REDACTED] was not carrying a purse at this time and appeared to be carrying a small clutch wallet in her hand. As [REDACTED] entered the store she appeared to stop at a table on her right where purses were located. At approximately 14:30 hours [REDACTED] was observed at a clothing rack with a purse in her right hand. Approximately one minute later

BURNETT, CHAD M officer's initials CS approved AV (UU2000134)

██████ is observed reaching her right hand into the purse. A few seconds later ██████ steps away from the rack and a white object appears on the floor near ██████ feet. It should be noted this white object was not on the floor when ██████ walked to the rack. The white item on the floor was later discovered to be a price tag for the stolen purse. At approximately 1432 hours, ██████ explained the paper stuffing that was inside the purse appeared to be visible. ██████ advised the purses are filled with tissue paper prior to being displayed. About three minutes later at 1435 hours ██████ was observed at another clothing rack. The camera view at this rack was much clearer and ██████ face could clearly be identified. At approximately 1435 hours, ██████ was observed entering a changing room. ██████ entered the changing room that was closest to the cash registers. When watching the video there were two rooms in view and this room was on the right. ██████ closed the curtains at this time. At approximately 1438 hours, ██████ proceeded to the counter to purchase items. At 1421 hours, ██████ was observed leaving the store with a bag of merchandise and the stolen purse on her right arm. ██████ did not purchase the purse with her items. At approximately 1522 hours, store volunteer, ██████, entered the changing room that ██████ had been in. ██████ exiting the room holding the paper stuffing in her hands. At approximately 1550 hours, ██████ discovered the white price tag on the floor next to the rack which ██████ had been observed standing. It should be noted that while watching the video, the curtain to the changing room remained closed after ██████ exited the room. At no point did another patron enter that room prior to ██████ locating the paper stuffing.

After observing the video with ██████ and ██████, I left my contact information and a case number with them. ██████ provided me with the names and phone numbers of ██████, store manager, and the two volunteers who were working when the theft occurred, ██████ and ██████.

After speaking with ██████, I left to contact ██████. I contacted ██████ by phone. ██████ explained that she learned of the theft on 01/08/2020 when she arrived to work. ██████ reported she was asked by another employee if she had talked with ██████. ██████ stated ██████ was upset about the incident and she called her to get more information. ██████ claimed after speaking with ██████ she contacted ██████ to see if he could access the store video. ██████ reported on

01/09/2020 she and [REDACTED] observed the video together. [REDACTED] claimed that while watching the video she quickly identified the offender as [REDACTED]. [REDACTED] explained to me that [REDACTED] is a regular customer in the store and that she has had multiple interactions with her in the store. [REDACTED] claimed [REDACTED] has purchased items using credit cards with her name on them and she was aware of her political status as well. [REDACTED] also explained to me that she was responsible for tagging and pricing the higher end items like the purse. [REDACTED] stated she specifically tagged the purse that was stolen and that was her handwriting on the tag located. [REDACTED] described the purse as being a black Coach brand handbag and stated it was valued at \$80.00. [REDACTED] informed me that both [REDACTED] and [REDACTED] wanted to speak with me regarding the incident. [REDACTED] explained both [REDACTED] and [REDACTED] were working at the store today from 1300 to 1600 hours. [REDACTED] also reported that [REDACTED] purchased her items using a \$50.00 bill. [REDACTED] provided [REDACTED] a receipt of purchase showing the transaction made with a \$50.00 bill that did not include the purse. A copy of this receipt has been attached to the report.

After returning to the Urbana Police Department to speak with Sgt. Hewkin and Lt. Sanders about the case, I returned to the Carle Auxiliary Resale Shop to speak with [REDACTED] and [REDACTED]. Upon my arrival, I spoke with [REDACTED] and [REDACTED]. I asked to speak with each of them independently. I met with [REDACTED] first. [REDACTED] and I met in a break room away from all other patrons and employees.

[REDACTED] Interview:

[REDACTED] understood and I was there to speak about the purse stolen on 01/07/2020. [REDACTED] explained to me that she was working on that day. [REDACTED] stated that she discovered the paper stuffing that was left in the changing room. [REDACTED] explained to me that she noticed the curtain on the changing room was still mostly closed. [REDACTED] explained that she went to the changing room to see if any clothing had been left behind. [REDACTED] stated while inside the changing room she noticed the paper stuffing behind a chair. [REDACTED] stated that in her opinion the paper stuffing did not just fall there but it was intentionally placed in its location. I asked [REDACTED] if she observed anyone going into the changing room. She stated she did not. [REDACTED] explained she recalled two patrons in the store prior to finding the paper. [REDACTED] explained one

of the patrons was a regular customer and she identified her as [REDACTED]. [REDACTED] explained she did not see [REDACTED] select the purse but clearly identified her as being in the store. [REDACTED] advised that when [REDACTED] made her purchase she recalled her having a purse with her but she could not identify what it looked like. [REDACTED] stated that she and [REDACTED] notified another employee of the theft when she came in to close the store but she could not tell me that employee's name. Again it was [REDACTED] opinion that the person who left the paper stuffing behind intentionally attempted to hide it behind a chair. I thanked [REDACTED] for her time and then spoke with [REDACTED].

[REDACTED] Interview:

I explained to [REDACTED] that I was investigating the theft of the purse taken on 01/07/2020. I asked [REDACTED] if she was working that day. [REDACTED] stated that she was. I asked [REDACTED] what alerted her that a theft had occurred. [REDACTED] explained that after [REDACTED] checked the changing room and came out with the paper stuffing she had the idea that a purse may have been taken. [REDACTED] claimed that [REDACTED] later found the price tag for the purse on the floor inside the store and it was at this point she realized it probably was stolen. I asked [REDACTED] if she was aware who had been in the store prior to [REDACTED] finding the paper stuffing. [REDACTED] explained that she had it in her mind that a customer by the name of [REDACTED] may have taken the purse. [REDACTED] stated [REDACTED] came into the store earlier that day specifically looking for purses and recalled her trying three on but she did not purchase one. [REDACTED] claimed [REDACTED] made a purchase but a purse was not included. [REDACTED] stated that she explained this to [REDACTED] but learned [REDACTED] was not the person in question. [REDACTED] claimed that she recalled two people in the store shortly before [REDACTED] located the paper stuffing. [REDACTED] stated one of the females was [REDACTED]. [REDACTED] claimed she did not suspect [REDACTED] of taking anything because she is a regular customer who normally spends a lot of money in the store. [REDACTED] stated that another female was also in the store and she described her as elderly and recalled her having a name of [REDACTED]. I asked [REDACTED] if she observed anyone go into the changing room. [REDACTED] stated she did not. [REDACTED] claimed she was preoccupied with untangling jewelry and she wasn't paying attention. I asked [REDACTED] if she recalled [REDACTED] selecting a purse. She stated that she did not recall her select a purse or go into the changing room but

admitted to not paying attention to [REDACTED] as she was a regular paying customer. I asked [REDACTED] who she reported the incident to. [REDACTED] stated she notified [REDACTED] of the theft when she came to close the store at then end of the evening. At one point [REDACTED] mentioned the video. I asked [REDACTED] if she had observed the video. She stated she had not. [REDACTED] claimed this incident was upsetting and made her mad.

In regards to both interviews, neither [REDACTED] or [REDACTED] observed [REDACTED] enter the changing room or select a purse but both seemed very familiar with [REDACTED] and identified her as a regular patron of the store and were certain [REDACTED] was inside the store prior to [REDACTED] finding the paper stuffing.

It should be noted that I have attached my body camera footage of this incident to this report. I have also added to evidence the surveillance video and paper price tag located on the floor by [REDACTED]. I have also attached to this report a detailed timeline of events given to me from [REDACTED] as he originally observed the video.

NARRATIVE

On the afternoon of Tuesday, 01-21-20, I received a call from ISP Sgt. Windy Westfall regarding this case. Sgt. Westfall requested that the items collected in this incident (specifically the tag from the purse, the sales receipt, and Officer Burnett's body cam video) be turned over to her.

I retrieved the tag from the purse and the body cam video from evidence. I did not locate the sales receipt in evidence, but I was able to find the receipt in Officer Burnett's UPD mailbox. I had an evidence tag made for the sales receipt, which I signed. I then drove all the items to Zone 5 investigations and tendered them to Sgt. Westfall.

I later spoke to Officer Burnett and learned that he had not initially entered the sales receipt into evidence because when he photocopied it to include with the initial report, the photocopy was poorly reproduced and hard to read. Officer Burnett was holding the original sales receipt in his mailbox until he could come up with a solution to that issue, which he had not yet done.
